

Application for a mortgage loan for applicants from the 1st household

Dear Madam/Sir,

Thank you for choosing a mortgage from Raiffeisenbank a.s. to finance your real estate. We kindly ask you to complete this application. For convenience, we would like to take the opportunity to clarify some facts. Mortgage applicants usually share a common household (spouses, partners), therefore the application includes fields for the personal details of 2 persons from the common household and also details that are common for the household, particularly expenditures. Even though 1 to 4 applicants may apply for our mortgage, each household may have a maximum of 2 people. We accept only 2 households in the application. In each situation, please proceed as follows:

- If 2 applicants living in a single household are applying for the mortgage, please complete the entire application form for applicants from the 1st household;
- If 2 applicants not living in a single household are applying for the mortgage, please complete 2 application forms – one for the applicant from the 1st household and a separate form for the applicant from the 2nd household;
- If you are applying alone, please complete the application form for applicants from the 1st household and leave the fields for the second person empty;
- If more than 2 persons (max. 4) are applying, please complete 2 application forms – one for applicants from the 1st household and a separate form for applicants from the 2nd household.
